Empower Your Workforce with Square Shifts Plus ****Simplify Workforce Management and Boost Employee Engagement.**** Square Shifts Plus is the comprehensive workforce management solution designed for growing businesses needing advanced features beyond basic scheduling. Built seamlessly into the Square ecosystem, Shifts Plus eliminates operational headaches and empowers your team to perform at their best. ****Key Features & Capabilities:****

- * **Advanced Scheduling:**** Go beyond simple time slots. Implement labor forecasting based on sales data, customize shift templates, and create complex schedules with automated conflict detection.
- * **Team Communication:**** Streamline communication with built-in messaging, announcements, and shift swapping requests, all within the Square app.
- * **Timecard Management:**** Automate timecard collection and approvals. Utilize geofencing to ensure accurate punch-in/punch-out locations and reduce time theft. Export payroll-ready data directly to your accounting software.
- * **Labor Cost Reporting:**** Gain real-time insights into your labor costs with detailed reports on employee hours, overtime, and schedule adherence. Optimize staffing levels and improve profitability.
- * **Integrations:**** Works seamlessly with Square Point of Sale, Payroll, and other Square products, providing a unified business management platform. Integration APIs available for custom solutions.
- * **Attendance Tracking:**** Implement custom attendance policies to align with company rules, and improve accountability and reporting.

****Ideal for:**** Multi-location restaurants, retail chains, and larger businesses with hourly employees and complex scheduling needs. Any business seeking to improve employee communication, reduce labor costs, and streamline payroll processing. ****Square Advantage:**** Shifts Plus offers a fully integrated solution within the Square ecosystem, eliminating the need for multiple disjointed systems. Leverage your existing Square data to forecast labor needs, optimize schedules, and ensure compliance. Its user-friendly interface, accessible on both desktop and mobile devices, ensures easy adoption by both managers and employees. ****Pricing:**** Contact Square Sales for a custom quote based on your specific needs and employee count. Start optimizing your workforce today!
